Russian Steel & Iron Declaration

CamdenBoss Ltd confirms that to our knowledge its products do not contain any steel or iron produced in Russia as listed in relevant sanctions laws and regulations related to Russia, such as Annex XVII of EU Regulation 833/2014 or the UK Russia Regulations 2023 and when processed in a country outside Russia, incorporate any Sanctioned Iron and Steel Products originating in Russia.

We are actively conducting a thorough review of our supply chain to ensure that no Russian-sourced iron or steel is incorporated into any of our present or future components.

Best Regards,
Nicola Bliss
