Declaration

The European Union has adopted several packages of sanctions against Russia since the beginning of their conflict with Ukraine. On June 23, 2023, the restrictive measures were tightened again as part of the 11th sanctions package. From September 30, 2023, it will no longer be permitted to import the iron and steel products listed in Annex XVII from outside the EU which have Russian origins, directly or indirectly through sub suppliers.

With reference to the Russia embargo Reg. (EU) No. 833/2014, Article 3g imposed by the EU, the import of iron and steel products with customs tariff numbers 72 and 73 is prohibited if they originate from Russia or are made from Russian steel.

The undersigned declares that all goods delivered to Anglia Components plc. neither originate in Russia nor have been exported from Russia.

We also confirm that all goods were manufactured without using Russian Steel.
